

## Demonstration - Example lesson plan

- Select a building or landscape of interest
- Talk over the four important steps for a successful watercolour painting (or any successful image).
- Consider and review examples.
  1. Narrative
  2. Composition
  3. Values
  4. Colours
- Prepare a simple line drawing of the sketch up view on watercolour paper (prepared beforehand)
- Demonstrate the way a value plan can be an important tool in deciding the mood and character of the finished image (review some sample images)
- Develop a watercolour sketch painting of the preferred value plan as a live process (approximately 1 hour spent on this)
